

40-EP02 Kit

Battery Operated SPR Riveter

40-EP02

40-EP02240

40-EP02130

Optional Arms
for 40-EP02 and 40-CP700

40-CP700

Electro-Hydraulic Riveter

40-SPR2100

Air-Hydraulic SPR Riveter

35mm

110mm

220mm

40-SPR215035

40-SPR2150110 40-SPR2150220

Optional Arms for 40-SPR2100 only

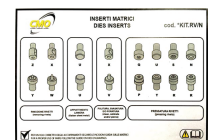

40-BRA

Blind Rivet Adapter for 40-CP700
1/4" capacity, accepts rivets from 3/16" to 1/4"

40-SPREX

SPR Rivet Extraction Tool
where "C" arm cannot be used.

40-SPRDK Standard Die Kit

**40-SPR2150FDK
Ford Die Kit**

40-EPO2

Battery Operated SPR Riveter

with Memory Card, adjustable pressure settings, battery, charger, 40mm C arm, SPR rivet installation/extraction die set, in carry case.

Riveteuse auto-perforant SPR à piles

avec carte mémoire, réglages de pression réglables, batterie, chargeur, bras en C de 40mm, jeu de matrices d'installation / extraction de rivets SPR, dans une mallette de transport

40-CP700

Electro-Hydraulic Riveter

For SPR rivets, Blind Rivets and Threaded Rivets
Compact and portable light weight body
Self-sufficient by using 18v lithium batteries
Adjustable compression force from 20 kn to 90 kn.
360 degrees Rotating compression head
Possibility to mount 3 different compression heads with 40mm, 130mm, 240mm throat depth
Weight: pump body 3.8kgs

Riveteuse électro-hydraulique

Pour rivets SPR, aveugles et rivets filetés
Corps léger compact et portable
Auto-suffisante en utilisant des batteries au lithium 18v
Force de compression réglable de 20 kn à 90 kn.
Tête de compression rotative à 360 degrés
Possibilité de monter 3 têtes de compression différentes avec une profondeur de gorge de 30 mm, 130 mm, 240 mm. Poids: corps de la pompe 3.8kgs.

40-BRA

Blind Rivet Adapter for 40-CP700

1/4" capacity, accepts rivets from 3/16" to 1/4"

40-SPR2150-xx

Optional Arms - Bras optionnel

for 40-2100 only - seulement

40-SPR2150-35	35mm
40-SPR2150-110	110mm
40-SPR2150-220	220mm

40-SPR2100

Air-Hydraulic SPR Riveter

Complete set of dies, 35mm standard arm, Sturdy case on rollers.

Riveteuse auto-perforant SPR a Air et hydraulique

Ensemble complet de matrices, bras standard de 35mm, Boîtier robuste sur les rouleaux.

40-EP0xxxx

40-EP02130	130mm
40-EP02240	240mm

Optional Arms

for 40-EP0 and 40-CP700

Bras optionnels

pour 40-EP0 et 40-CP700

40-SPREX

Extraction Tool

for SPR Rivets where "C" arm cannot be used.

Simply weld a stud to the Steel SPR rivet in place and the tool will pull the SPR rivet out.
